**Have Republicans
and Democrats let
you down?**

There's another choice!

**Wes
Benedict**

Libertarian

for Williamson County Judge

Pol. adv. paid for by Wes Benedict for County Judge.

Cut taxes and spending

Republicans control the County Commissioners Court yet your property tax bill keeps going up. I want to reduce tax rates enough so that the check you write for your property tax bill gets smaller even when property values go up.

End corporate welfare

I'm for free markets and a level playing field for all businesses. Instead, the incumbent supports subsidies and tax cuts for a few lucky corporations while making everybody else pay higher taxes. We shouldn't raise your taxes to subsidize new businesses to move here. That's unfair, plus it crowds our schools and roads.

Stop arresting marijuana users

Most of the Williamson County budget pays for the criminal justice system including Sheriff's deputy salaries, courts, and jails. Let's stop wasting resources going after marijuana users and instead focus on violent crimes and theft, and pass the savings on to taxpayers.

Wes Benedict has an engineering degree from UT and lives with his wife and son in Williamson County. He previously owned a countertop business in south Austin and served as Executive Director of the national Libertarian Party for 8 years.

A County Judge in Texas isn't really a "judge." It's more like a mayor, but for a county government instead of a city. As a Libertarian County Judge, I'll respect your right to do whatever you want as long as you aren't hurting someone else. Live and let live, and keep taxes low!

I'd appreciate your vote in November!
